

# PURE MENTORSHIP

Igniting the path for a brighter future

Founded with the mission of supporting students in the pursuit of higher education, Pure Mentorship **connects mentees with successful and well-rounded mentors.** From individualized & focused support and SMART goal setting to flexible scheduling, we ensure that mentees are supported and engaged throughout their journeys.

We fill our cohorts on a rolling basis, so we invite you to participate in our community and attend our first matching events, beginning **January 21.**

**Scan here to visit our website and sign up as a mentee today!**
