

# PURE MENTORSHIP

## Igniting the path for a brighter future

Pure Mentorship connects mentees with successful and well-rounded mentors. Through SMART goal-setting, mentors support their students in their academic, professional, and social lives. Whether you are in high school, college, or early career, you can benefit from being mentored by more experienced individuals, and we're here to support you along every step of the way.

Our mentors are specialized in a variety of areas and have pursued higher education at both local and prestigious universities, and they are passionate about sharing their experience and uplifting their students.

We fill our cohorts on a rolling basis, so we invite you to participate in our community and attend our first matching events.

### Qualified Mentors = Successful Results

All of our mentors are talented, well-rounded individuals with successful careers. They are passionate about sharing their experience with their students and providing personalized guidance. M&M (Mentor & Mentee) meetings are valuable opportunities for growth and discovery.

- Employed at companies including NVIDIA, Amazon Web Services, Palo Alto Networks, NASA, and Lockheed Martin
- Degrees in marketing, computer science, aerospace, cybersecurity, artificial intelligence, and more

### Pure Mentorship offers:

- Individualized & focused support
- Flexible scheduling
- Engaging meetings
- SMART goal setting
- Regular check-ins
- Connections and resources

### What exactly are M&M Meetings?

Mentor & Mentee ("M&M") meetings are the backbone of Pure Mentorship—opportunities for students to meet in one-on-one sessions with their mentor throughout the year for advice and support.
